DOLEN FFERMIO (FARMING LINK)

www.dolen-ffermio.org.uk registered charity no. 1124195

SPONSORSHIP FORM

Dolen Ffermio volunteers from rural communities around Llanfyllin and Oswestry have been working in Eastern Uganda since 1991, initially assisting the development of a cattle artifical insemination service to improve livestock yields and are now involved with goat improvement schemes in the poorest rural communities. The second strand of our work funds and supports the remarkable Kumi Orphan Project, set up by Miriam and Emmanuel Maraka, to provide livestock, seedlings and training to enable orphans to become more self-suporting within the families who care for them. More information from Val Talbot (01691 791310 or val@daval.demon.co.uk)

Please help us to raise funds by sponsoring a Dolen Ffermio supporter. If you are a UK taxpayer and would like Dolen Ffermio to reclaim the tax you have paid on the total donated, please tick the Gift Aid box and make sure you give your post code. You will need to pay as much tax as we (and any other charity you support) will reclaim in the current tax year (25p in every £ donated).

Name of Sponsored Person .....
